Dear Student and Parent,

The 2020-2021 K-PREP Assessment will be administered online to East Bernstadt Independent students April 27th-30th. Students have worked very hard this year despite the challenges due to the pandemic, and we want their test results to show their efforts. Please encourage your child to leave their cell phone at home on these testing dates. Students will not be permitted to have their cell phones at their desks during testing. If they choose to bring their cell phone, they will be asked to turn them in to their homeroom teacher each morning until the testing session is complete.

A "Do Your Best on the Test" Good Faith Effort checklist will be used by our teachers during testing as it has all year. Teachers will be observing students to be sure they meet the following criteria.

- arrives at school on time every day during testing (avoid tardies and absences)
- completes all answers on the test
- checks their work
- stays on task
- has a positive attitude
- has appropriate behavior
- gives 100% effort
- has neat work

The teachers will be recognizing students for their hard work with special planned activities and rewards after testing is complete. Please review these positive testing practices with your child and encourage them to put forth good effort to do their best on the test.

Sincerely,

Susan Elza  
Principal
