

American Rescue Plan Act *Elementary and Secondary Emergency Relief Fund (ARP ESSER)
LEA Plan for ESSER III Funds

East Bernstadt Independent School District
East Bernstadt, Kentucky

ESSER III PLAN

INTRODUCTION

On March 11, 2021, the American Rescue Plans (ARP) Act was signed into law. In it, the U.S. Department of Education is providing an additional \$121.9 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER III Fund). This legislation will award grants to state educational agencies (SEAs) for providing local educational agencies (LEAs) with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

This plan describes how East Bernstadt School District will provide the safe return to in-person instruction and continuity of services for the school.

Overview

A district's plan must include how funds will be used to address learning loss through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).

Remaining LEA funds may be used for a wide range of activities to address needs arising from the coronavirus pandemic, including any activity authorized by the ESEA, the Individuals with Disabilities Education Act (IDEA), Adult Education and Family Literacy Act (AEFLA), or Carl D. Perkins Career and Technical Education Act of 2006 (Perkins CTE). Specifically, ARP ESSER funds may be used to develop strategies and implement public health protocols including, to the greatest extent practicable, policies in line with guidance from the Centers for Disease Control and Prevention (CDC) on reopening and operating schools to effectively maintain the health and safety of students, educators, and other staff. For information refer to East Bernstadt's ["Healthy at School Plan"](#) on the East Bernstadt School website.

Committee Members for Planning

Name	Position on Committee
Vicki Jones	Superintendent
Susan Elza	Principal
Amy Brown	Finance Officer
Mike Burns	District Technology Coordinator
Cristin Chadwell	Preschool Coordinator and Transportation Director
Donna Frankowski	Special Education Teacher
Curtis Storm	Middle School Teacher
Jessica Smallwood	Elementary Teachers
Marcella Hensley	Food Service Director
Danny Yount	Custodian
Sheila Cochrane	PTO President and Parent
Reghan Hedrick	FRYSC Director

Data Used for Planning:

- FRYSC Survey
- Title I Survey
- ESSER III Funding Survey
- Student Data (MAP Benchmark, Formative Classroom Assessment, iReady, etc.)

Description of Processes Used for Planning the Application:

- Superintendent/principal met with staff to determine grade level needs.
- Collaborated with PTO for input regarding student needs.
- Survey released to students, parents, and staff; survey input solicited
- District leadership analyzed stakeholder recommendations and developed district-level recommendations
- Recommendations shared with district ESSER committee for feedback , comment, refinement
- Plan continues to be revised as additional feedback and district needs become evident

Meaningful consultation occurred throughout the data collection, surveys and meetings. The Superintendent and principal met in PLC groups with stakeholders to determine needs based on input from various staff members. Data was reviewed to look at school needs and individual student needs. Subgroup population data was also gathered to provide information. Data on groups of historically underserved students such as English Learners, homeless students, foster children, and low socio economic groups was specifically analyzed and discussed. The coordinators of these groups gave input on how to address the needs of these students to decrease learning loss and address the unique needs. The ESSER III Committee considered the unique needs of these students to ensure they were offered the services and materials to ensure their success. We met with PTO to get input from the parent organization. They helped to make recommendations from the parents and students. The surveys were presented for students, parents, staff, teachers, community members, and any other interested parties. The ESSER III Funding Survey was on the website for any interested parties to complete. Data was collected from various sources and presented to the ESSER III committee to help guide the decisions. We reached out to KEA and KAPE through their members and their regional offices to ask for input. No Civil Rights Groups have organized offices in our areas so this group was not represented in our data collection. All feedback from the various stakeholders were reviewed during the ESSER III Committee Meeting. Input from the stakeholders was prioritized and the plan below was developed to best utilize the funds to meet the needs of our students and school.

Prioritize/Other Outcomes/Decisions Made for the Spending of the Funds:

- Intervention support positions to address learning loss
- Family support for reentering students for in-person instruction
- Instructional materials/programs/software to provide resources in addressing learning loss
- Professional Development K-8
- Summer Learning for K-8
- Social Emotional Learning for all students
- Facility improvements and mitigations reducing COVID spread

Addressing the Instruction/Academic Learning Loss *20% of total budget will be spent on learning loss

Instructional Activities	Responsible Parties	Timeline	Estimated Costs	Desired Outcomes	Monitoring (A-achieved; C-continue;R-revise)
Provide summer enrichment/ summer school	Principal/Teachers	Summer 2022, 2023 and Summer of 2024	120,000.00	Reduce the number of at-risk students and improve overall academic results for student’s at all grade levels and subgroups. Data will be reviewed to evaluate the impact of student learning.	
Provide tutoring during the school year	Principal/Teachers	August 2021 to May 2024	100,000.00	Reduce the number of at-risk students and improve overall academic results for student’s at all grade levels and subgroups.	

				Data will be reviewed to evaluate the impact of student learning.	
Purchase additional software for acceleration of students for learning during the school year and for summer school (e.g., Reading Plus, iRead, iReady, IXL, Education Galaxy, etc.)	Principal/District Technology Coordinator	August 2021 to May 2024	150,000.00	Increase student engagement to enhance instruction and promote mastery of standards.	
Purchase supplemental Instructional materials to target subgroup populations and at-risk students (e.g. Reading Mastery, Simple Solutions, etc.)	Principal/Federal Program Coordinator	August 2021 to May 2024	25,000.00	Ensure all subgroup population and at-risk student needs are addressed to prevent learning gaps.	
Professional Development	Principal/Teachers /Staff	August 2021 to May 2024	15,000.00	Ongoing professional learning addressing individual professional needs equipping teachers with skills and knowledge to yield high-impact instructional strategies.	
Academic/Rtl Interventionist	Principal/Teacher	August 2021 to May 2024	260,000.00	Reduce the number of at-risk students and improve overall academic results for student's at all grade levels and subgroups. Data will be reviewed to evaluate the impact of student learning.

Facility improvements and mitigations reducing COVID spread

Facilities	Responsible	Timeline	Estimated Costs	Desired Outcomes	Monitoring (A-achieved; C-continue;R-revise)
------------	-------------	----------	-----------------	------------------	--

	Parties				C-continue;R-revise)
Replacement of HVAC units	Maintenance	By 2023	80,000.00	Improve indoor air quality in learning environments	
Updates to district facilities	Maintenance	By 2023	90,000.00	Improved safety and learning environments	
Reduce risk of virus transmission by expanding physical education areas and reduce opportunities to congregate	Maintenance	By 2023	180,000.00	Reduce the spread of COVID-19 and promote a life-long healthy lifestyle.	
Purchase sanitation products for disinfecting	Maintenance	By 2024	31,797.00	Reduce the spread of COVID-19	

***This plan will continue to be updated and revised based on the impact of COVID-19 pandemic.**
